- COURSE REMARKS:
1. Class size represents the number of students in a class. A class may consist of one or many small groups. A small group consists of 12-16 students. NCOAs will adjust class size to their own training capacity.
  2. Conduct this course in one of three different training modes:
    - a. Active duty (AD)-two weeks and two days (12 training days).
    - b. Annual training (AT)/Active Duty for Training (ADT)-12 consecutive days.
    - c. Inactive Duty for Training (IDT)-one weekend per month for six consecutive months (6 MUTA-4s).
  3. The Stand-Alone Common Core (Phase I) is not a prerequisite to attending proponent branch specific technical training (Phase II).
  4. Commandants will use a proponent-developed end-of-course (Phase II) CPX, FTX, STX, or LTX, virtual or live, in the field or at a job site, as a culminating event designed to evaluate (Go/No-Go) the soldier's ability to perform the terminal learning objectives of the course to graduate. These events will be at least 72 hours in length, scenario driven, and conducted under CONOPS conditions. Schools will include in the evaluations during their CPX, FTX, STX, or LTX, virtual or live, in the field or at a job site, the student's ability to lead and perform those tasks specified in the Phase I Course Management Plan (CMP) chapter one.
- NOTE:** See CMP for additional information.
5. This meets The Army Training System (TATS) Course requirements.
